Django
● ● ● ● ○

PROFESSIONAL EXPERIENCE

Full Stack Developer | InterimCAPS, London, UK
[10-01-2024 - Present]

- Assumed a pivotal role in mentoring and **training entry-level developers**.

- Built a **Role-based multi-user web application** from scratch

- Played an important role in creating a **Appointment booking application** for hospitals.

- Implemented **multiple features** like AWS's Machine Learning models like textract and S3 for file storage, Calendly for booking, File upload and download automation and built Readymade react modules which are used to avoid doing repeated tasks, thus saving plenty of time for the company.

Associate Developer | Consortia22, Chennai
[19-09-2022 - 30-12-2023]

- Development and management of online applications using **MERN** (MySQL, Express Js, React Js, Node Js) technologies for **e-learning, e-commerce platforms, blogs, and content-centric websites**.

- Led my team in the development of a **Website builder application**. (An application which creates personalized websites for clients through the utilization of predefined templates and Content Management System).

- Orchestrated team meetings, conducted **product demos**, and delivered impactful presentations to stakeholders

SQL DATABASE

MySQL
● ● ● ● ○

PostgreSQL
● ● ● ● ○

DATABASE GUI
